"When I had the possibility to compile the new Authentic Steyoyoke, it felt like a challenging task to pick 9 tracks from the Steyoyoke back catalogue, because I like most of the productions. So it took me some time to decide and choose my favourites, but here it is. My recent Top 10 tracks all combined in a Continuous DJ Mix. There is also an exclusive new Original included 'Azrael'. So Enjoy one hour and five minutes of this well chosen combination of Ethereal Techno that will blow your mind and put you in a state of dreaming."
