As 2018 marches on, **Inner Symphony** delivers another special release which unveils two fine new tracks from the young Swiss producer, **James Marley**. A lively EP to bring yet wider colours and also aligning to the concept of the label.

Exotic percussive elements awaken attention from the first few seconds of “**Reflections**”, as moderate tension grows and builds to a gentle atmosphere. As pure harmony is established, mind-bending loops slightly fade in to season this already soft affair.

“**Organism**” brings a more linear groove and displays strong progressive influence with euphoric synth arrangements. Both intense and dramatic, this fast paced tune will infuse feelings of joy.

Both tracks present outstanding melodic evolution and take you on an aural journey.
