Steyoyoke's **Family Affair** series is back in its 8th edition with brand new music from the label's mainstays. In the first half of this double release, **Soul Button**, **Clawz SG** and **JOBE** offer up a compelling package of remixes.

Kicking things off, label boss **Soul Button** shares his impressions of **Nick Devon's** '**Everything Has A Beginning**'. He adds his signature imprint and emotion while keeping mystery in the atmosphere.

Clawz SG applies his sensibility into a functional remix of **BLANCAh's** mystic Portuguese named '**Preludios de Uma Noite Sem Fim**', arranging the track for the dance floors.

British producer **JOBE** adds interesting technological elements to **Nick Devon's** '**Symbiose**', building it to a grand conclusion.

As always, the **Steyoyoke** crew arranges to provide incredible talent combinations, bringing into light unprecedented interpretations of previously released gems.
